2025 Comments from Foster Grandparents

The impact that I have had on the children has been great. It is something I will remember the rest of my life!

I am very happy to be a foster grandma, because I cannot wait to get up in the morning and see my students. They love me and I love them. If I can help some kids that are not luck to have clothes, I look to see if I can buy them some outfits.

FGP is a wonderful program for both the volunteers and the children it serves. I see an increased quality of life for both.

Gives me a reason to get up in the morning. I love the structure.

FGP has been a good impact on my life – love to be around the kids.

I definitely feel that I make a difference in the lives of the children that I work with and they in turn enrich my life.

I really enjoy the Program. It keeps me busy. The children keep me alive and give me purpose.

Being a foster grandparent has truly been a blessing in my life. Making a difference in a child's life has truly made a difference in my life. Children need someone to listen to them, hug them, talk to them, laugh with them and allow them to know that they are somebody. And even more, that's what being a foster grandparent does for the children that we serve. And when they say they can't, let them know that they can!

This program is amazing – it really helps the kids as well as the foster grandparent. It gave me something to look forward to, a reason to get up in the AM. I've had a lot of fun.

FGP is a great program which I love. It makes my life worth living. Keeping in contact with younger people.

I feel so much better working around the babies.

I love working as a foster grandparent. It has changed my life for the best.

I have been doing FGP for 16 years and I couldn't have done any more important with my life. I love the kids!

Thank you FGP. I appreciated all that you do, it's been a joy.

I love working with the little ones. It keeps me young and I think less of my pain.

I've learned more about what is going on in our community and how to improve my life.

I do believe FGP has made a difference in many lives. The program is very positive in helping students.

I loved being in FGP. Beth and Jenn are the best! I worked very hard at school which I liked. My teacher was incredible in every way. Everyone at my school was just wonderful. I met so many incredible people. It was an amazing experience for me. I'm so grateful.

My physical and mental health depends on the Program which has be beneficial to me. And the improvement the children have shown is remarkable. The children are our future.

The Program has given me a lot of time to work on myself and the kids as well as keeping a positive thought of mind. I couldn't have asked for a better place to work as my teachers rock!
