County South Family Resource Center

June 2026 Board Report

Center Highlights:

June was a busy month at CSFRC with many housing issues for families. Currently, there are 4 families looking for a place to live, 3 of whom are homeless. One of the barriers to finding a new home is the landlord's policy of earning 3x the rent and having a healthy credit score. Many of those we serve are not there yet. One other family did find an apartment and moved in with our assistance. The Bright Future Youth's last day at the center was June 5th. They had a field trip to Syracuse Stage in June and saw the musical "Frozen" which was a fabulous performance. The FISH Medical Transport program is growing slowly and June brought 6 new clients to CSFRC. The Parents with Hope parenting class went to Healing Inspirations in Liverpool, out to dinner and lunch in June to end their year together. The Women's Wellness group met all month and will meet every other week in the summer. Business as usual included food deliveries, crisis and family development services and transportation.

for his volunteer work and dedication to helping others in his community. School was always a struggle and this young volunteer had to deal with a lot growing up. He beat the odds and now has his High School diploma. He is the first to do so in his family! A great milestone to celebrate.

June 2026 Board Report

Center Highlights:

- We attended the Housing 101 event, where we spoke with community members to increase awareness of our programs and the services we provide to the community.
- Coordinated Community Response (CCR) to Intimate Partner Violence event from VeraHouse: we came together with members of our community to create a mission of the CCR, define subgroups, speak about Domestic Violence and Intimate Partner Violence in our communities as well as build connections to better the services we provide.

Upcoming Events:

- EnergySmart CNY workshop

Success Story:

- Cohort #12 of Fatherhood with PEACE concluded this month, hosting a graduation on 06/17/26. Carolyn Brown delivered the welcome message, and Augustus Grissett Jr. came up from NYC as our special guest and keynote speaker to honor his late father, who helped us create this program over three years ago. There were 11 participants in this cohort, and 7 of them attended at least 75% of the classes to fulfill the graduation requirement. Many shared that the group has been a great support to them, and they enjoyed meeting other fathers they can reach out to now that the class has ended. We're taking a break for the summer, but we will start recruiting in September to start cohort #13 in October.
- We have been working with a client who was at risk of losing her apartment due to a significant increase in rent. She has lived in the apartment for more than 15 years but was unable to afford the new rental amount. The client's only source of income is Supplemental Security Income (SSI), along with limited financial assistance from family members, which was not sufficient to cover her housing expenses.

We explored the possibility of relocating her to a more affordable apartment within her income range; however, all available options had waiting lists extending several years, and no emergency housing opportunities were available.

We assisted the client in applying for the Section 8 housing lottery and continued to follow up throughout the process. We are pleased to report that she was selected to

receive Section 8 assistance. The housing assistance payments were approved to begin in June 2026.

Regarding the remaining balance owed, we were able to work with the landlord to establish a payment plan. This agreement helped prevent the client from being evicted and allowed her to remain in her home.

Family Re-Entry Program June 2026 Board Report

Center Highlights:

Identified clients our Family Resource Centers were already working with who qualify for this program.

Building on this, collaborated with Head Start Family Workers to determine if individuals on their caseloads also qualify for the program.

Met with Michelle Brown, Programs and Grant Officer from the Mother Cabrini Foundation, to discuss program updates and budget amendments.

Ongoing Site Services:

- Rides provided
- Case Management
- Family development
- Mental health supports

Success Story:

One of our Re-Entry clients completed the Fatherhood with PEACE program and graduated on 06/17/26. He demonstrated commitment by attending 87% of the sessions, even after obtaining employment and adjusting to a new schedule.

One of the Head Start Family Worker referrals was selected for the program because she often faced transportation barriers in getting her daughter to class at Merrick Head Start. Since she doesn't have a vehicle, she would Uber with her daughter to Merrick to get her there, but she frequently ran out of money, causing her daughter to miss class. Once enrolled in the Re-Entry program, we purchased an Uber gift card to cover enough round-trip rides for the remainder of the school year (two weeks). The Family Worker reported back that her daughter didn't miss a single day of school once she received help with rides.
